### Notes to Editor

The Ellesmere College Titans Swimming Club was established in 2008, as a meeting of minds, between Ellesmere College – a school with a great sporting heritage and the parents of some of the top young swimmers in Shropshire, united in their desire to create an ambitious, positive and competitive swimming club.

The result: A centre of swimming excellence in the heart of the North Shropshire countryside. To maintain this standard the Club adopts and implements a selective membership policy, to ensure that all swimmers share the same goal of achieving swimming success at the highest level. The emphasis is on quality not quantity of swimmers, with the Club limiting its total swimming membership to 24 - ranging from children as young as 8 upwards.

In such an environment a great deal of one to one coaching can be given to individual swimmers, and productive use can be made of underwater video analysis and specialist training equipment. Ellesmere College was founded in 1884 and is part of the Woodard Group – the largest grouping of public schools in the UK. Over the years it has been responsible for producing some of the British sporting greats including ex-England Rugby captain Bill Beaumont. It is hoped that it will produce the next generation of British swimming greats.
